

Benevolence and Goodwill

This is the time of year that we generally pause to say "thanks" for what we enjoy in life and to show extra concern for those who may be less fortunate. As the Foundation of the American Academy of Nurse Practitioners, we are very proud of the work that our members provide year-round in local communities, as well as through volunteer acts in the United States and internationally via the Humanitarian Program.

Not everyone has the training or time to work with those in greatest need, but there are other ways to show support, particularly for those experiencing critical healthcare needs due to crisis. A donation to the AANP Foundation's Humanitarian Program is a charitable, tax deductible contribution that will be used to support AANPF humanitarian initiatives.

This season, consider a gift that does make a difference. NPs are already donating their considerable time and skills. Our help makes so much more possible for those who need it most.

Please consider a donation in one of these amounts: \$25, \$75, \$150 or other.

Thank you and happy holidays!

Kay Todd, PhD, CAE
Executive Director
